is to bring up a family." ~ George Bernard Shaw

What does Mothers' Center mean to you? Here's what some moms have shared:

"My Mothers' Center saved my life!"

"The Mothers' Center has helped me grow as a person and as a mom."

"It is a place to share and learn and grow as a mother... all mothers should have a Mothers' Center experience."

The NAMC recognizes that women continue to experience challenges as mothers long after their children go to school and are grown and can benefit tremendously by being part of a network of mothers. Our commitment is to continue to provide programs that will meet your changing needs and the needs of your family.

As one member put it, "Motherhood is a full body contact, multi-media interdisciplinary, cross-cultural-lollapalooza of a lifetime career upon which the future of civilization as we know it is wholly reliant." Motherhood is serious business and a job that requires ongoing support and resources.

Thank you in advance for your continued involvement!
